Re: Confirmation of Submission of Proprietary and Confidential information in support of Avitas exemption amendment (Docket FAA-2018-0263)

To Whom It May Concern,

Please accept this letter as confirmation that Avitas, Inc., a Baker Hughes venture, has submitted the response to the National Environmental Protection Agency (NEPA) questions requested in the October 15 email "Request for information Avitas FAA-2018-0263 due 10-28-21". The answers contain proprietary and confidential information and were submitted under separate cover to Jake Troutman ([jake.troutman@faa.gov](mailto:jake.troutman@faa.gov)) and Michele Cappelle ([michele.cappelle@faa.gov](mailto:michele.cappelle@faa.gov)) on October 19, 2021 via email.

Please update the exemption records to reflect my (Richard Brown) transition to the Avitas Responsible Representative.

Respectfully submitted,

Richard Brown
